The older sister of the Cyber-Samurai, she was born in 1968. She takes after her mother in looks, but with a hint of oriental delicacy. By some quirk of genetics she is taller than either of her parents.

She has a degree in economics from the University of Basel and a diploma in Business Studies from the University of Tokyo. An enthusiastic Japanophile she is known as 'Tanaka-Beth' in the Nagoya office. She is engaged to a French physicist, Jean Claude Davout, who currently works at the Japanese Cold Fusion Research Centre.
