Yuefang is the offspring of a ghost (her mother) and a normal human (her father). She has a number of rare powers including limited resistance to killing attacks and her ability to walk through walls and solid objects (Desolidification). She also has one apparently unique power - her ability to physically fly.

She appears a pale, very beautiful Chinese woman of about 20 years old with short black hair in a pageboy cut and very dark eyes. She is *much* stronger than she appears to be.

The Code of the Chinese Knight means that Yuefang must right any wrongs she sees, correct any social injustices she encounters, keep any oaths of loyalty she makes, meet any obligations accepted, always honour good people and spend any money she may acquire on good deeds and good times.
